

GUASTELLO'S VILLAGE MARKET

Electric Fuzzy

Ingredients

1 part peach schnapps
2 parts lemonade
Lemon wheels for garnish

DIRECTIONS:

Fill a tall glass halfway with ice. Pour in the the Electric Fuzzy, and stir. Garnish with a lemon wheel.

This is a great drink for parties. Fill up a pitcher with it, and you can top guests off as often as they need it. Plus, it's not a particularly strong drink, which is also a good thing at parties. As is the fact that it goes with any food lemonade works with – loads of savory finger foods and appetizers, like buffalo wings or barbecued anything.
